Review/Approval of previous meeting’s minutes

Topics of Discussion:

**Seasonal employment/hiring**

- Children’s Link website has a job posting page where they can share other organizations’ job posts and offer to share job postings on their social media as well. If you are interested, please contact Susan at [susan.cortes@childrenslink.ca](mailto:susan.cortes@childrenslink.ca).

**Grants/funding (share resources/challenges/successes):**

**Canada Summer jobs grant:**

- Canada Summer jobs funding has been inconsistent as of late with their grant distribution. Organizations that have been getting this grant for 30 years straight haven’t been receiving it or receiving a significantly smaller amount compared to previous years.
- Applicants have increased this year due to the pandemic’s hit in the oil and gas sector. With many non-profits applying for the same grant, the amount of funding has significantly decreased.

- The amount of funding organizations get comes from the federal riding their office or services are in. Members of Parliament (MPs) determine the amount of funding each agency receives. Grant representatives have recommended to agencies that they could move their services to a different riding to get more funding.
- Each riding is provided the same funding regardless of how many applications they have.
- A letter of support can be provided for grants.

### **Opportunity: ARPA Conference presentation application (align with ISR)**

- May 29, 2022, is the extended deadline for presenters to submit their proposals for the ARPA Conference.
- Karen and Mezaun plan to attend the conference. They will provide a presentation about the advocacy work that AAN and the Recreation table does.
- Karen will invite Inclusive Sport and Recreation collective (ISR) to co-present.
