Meeting considerations  
Review of last month's meeting minutes

Spotlight Presentations:

**Kibbi Technologies**

- Kibbi is an app and desktop website that connects job seekers to employers.
- This app is connecting local job seekers with local employers through map-based job searching.
- The app is in 175 countries and downloadable through Apple and Android.
- Job seekers go into the app, create a profile and can start searching for jobs either through the home/main page or through the map-based interface.
- This app is free for job seekers and non-profit agencies to use.
- Revenue model is with featured jobs, where employers can pay their job to be highlighted
- If you would like to be Kibbi's community partner and get any programs on the app, please contact Han for further details.
- The job description can be translated into 60+ languages.
- Can filter jobs based on language requirements, experience or job type.

- Job seekers can browse without creating a profile.
- Once you give your information, Kibbi has an AI that automatically creates a cover letter for whichever job you want.
- Job seekers can write to employers in their first language and the employer sees it in English or their first language.
- There is no costs for non-profits to join as their goal is to build a community on the app. If you would like to put your organization's jobs and information on here please contact Han at [han@mykibbi.com](mailto:han@mykibbi.com).

### **Discussion items:**

#### **Proclamation Update**

- Airdrie just submitted their proclamation and will be including it into their newspaper.
- Calgary submitted its proclamation last week.
- We currently have proclamations from the following cities: Calgary, Camrose, Coldlake, and Airdrie.
- We were supposed to receive a proclamation from Edmonton as well however no one has reached out as of yet.

#### **Adaptive Inclusive Recreation Week Social Media**

- We have created a template of what the themes for each day will look like, the posts on the drive are based on those themes.
- If you would like to take a look at what is going to be posted during the Week, please click here:  
<https://docs.google.com/document/d/1f9ZhxbD-plFkMlnbEiDIWOc2m1tKpwhGkseWHVOcFKc/edit?usp=sharing>
- All social media blurbs have been tentatively created; all information was retrieved directly from each agency's websites.
- Will be asking agencies and their marketing teams for approval on the social media posts that they will be included in.
- Some agencies have already approved their posts.
- We will not be posting an agency's reel/photo until we have direct approval from the agency or their marketing representative.
- Made some collaborative grammar edits to the social media posts throughout the table meeting.
- Some of the quotes provided will be turned into graphics so it is easier to share through newsletters and other forms of social media.
- If anyone has any events happening throughout the week for adaptive and inclusive recreation please email Meri or tag AAN on social media and we will share them.

- If we receive enough events that are occurring throughout the week we can create a small graphic summarizing what agencies have activities/events.
- Some hashtags we will be using are #CelebratingRecreationforALL #CelebratingRecreation #JBRM

### **Rocky Mountain Adaptive**

- Started providing day programming for people with neurodivergence transitioning into adulthood. The local community has communicated that this is a need and Rocky Mountain Adaptive has taken the initiative to offer this program.
- June 20<sup>th</sup> triad event where they will be highlighting different recreational opportunities for people living with spinal cord injury.

### **VIVO**

- Due to construction, VIVO will not have their aquatics space open for the summer. The HIIT studio and the cloud studio sometime this summer.
- Wanted to offer some classes during the week but the HIIT studio will not be done on time.

### **CP Kids and Families**

- Have an event at South Glenmore Park on the 17<sup>th</sup>. It is a walk to raise money.
- Summer camp and Learn to Ride, a program teaching how to ride accessible bikes, also occurring in the summer.

### **Between Friends**

- Working with Lil Bettas Swim School and providing them with inclusion training so they are more prepared to accept people with all abilities.
- These lessons are one-to-one and are more expensive, however, if families are interested, please reach out to them.
- Upcoming golf tournament, currently looking for silent auction items, if anyone has anything to donate please contact Kim at [kpresser@betweenfriends.ab.ca](mailto:kpresser@betweenfriends.ab.ca).

### **Alberta Ability Network**

- Mezaun is taking a leave of absence and Meri will be the point person for the next month, please contact her for any information needed at [mtopchieva@cpalberta.com](mailto:mtopchieva@cpalberta.com).

### **Action Items:**

- The blurbs for all social media posts for Adaptive Inclusive Recreation (AIR) Week are in the following document:

<https://docs.google.com/document/d/1f9ZhxbD-pIFkMInbEiDIWOc2m1tKpwhGkseWHVOcFKc/edit?usp=sharing>

- Please tag AAN on social media or email Meri if you have an event/activity scheduled throughout Adaptive Inclusive Recreation Week and we will share it.
- Receive social media post approval from all agencies and their marketing teams before the following meeting.

Wrap-Up/Adjournment

**Next meeting:**

**Date:** June 15<sup>th</sup>, 2022

**Time:** 9:30am – 11:30am

**Location:** Zoom
